

RE/MAX JAPAN: Notification of 1st Office Franchise Opening

— RE/MAX Properties Interface is Open for Business! —

IKEZOE Co. (HQ: Shibuya-ku, Tokyo; CEO: Akiko Nakamiya), which operates the real estate franchise RE/MAX JAPAN in Japan, has opened its first Office Franchise, RE/MAX Properties Interface (HQ: Minato-ku, Tokyo; Owner: Norihiko Hirose).

RE/MAX, LLC was founded in 1973 in Denver, Colorado, where it is headquartered to this day. The key philosophy behind RE/MAX is its agent-centric model, where the maximum commission concept is utilized. The idea is to give back to the real estate agent the maximum amount of commission so the agent can be in business for themselves, but not by themselves. RE/MAX has a presence in almost 100 countries around the world and is the world's largest real estate franchise network.

RE/MAX JAPAN provides customers a piece of mind during the real estate transaction process with full support and transparency. RE/MAX JAPAN is currently recruiting for candidates to become Office Franchise owners. RE/MAX JAPAN actively provides equal opportunities to all, especially women in Japan, by promoting flexible work hours to create a desirable work-life balance.

Norihiko Hirose, President & CEO of International Interface Co., Ltd., which operates RE/MAX Properties Interface, comments on his joining of RE/MAX JAPAN as follows: "Our company is deeply experienced in providing information and business opportunities to investors and corporations both domestically and internationally. By joining RE/MAX JAPAN, we will be able to leverage our existing business and knowledge. With the global brand awareness and network that RE/MAX carries, we can offer our clients a much more valuable service."

RE/MAX Properties Interface currently conducts business in over 30 languages including Japanese, English, Chinese, and Korean, and will be operating real estate services in both domestic and overseas markets. RE/MAX Properties Interface has an in-house accountant and can provide professional services and support regarding taxation laws, regulations, and financing pertaining to international properties. RE/MAX Properties Interface plans to actively recruit agents to join its team going forward.

RE/MAX JAPAN continues to look for Office Franchise candidates to join the RE/MAX JAPAN family to help with our aim to reach 1,000 Office Franchises in Japan.
